# School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state’s Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

# School Vision and Mission

Miller Creek Middle School is a community that encourages all its members-students, staff, and parents - to be lifelong learners who embrace a healthy lifestyle, demonstrate compassion and empathy for others, and act with integrity and honesty. It is the goal of this community to provide the tools and resources necessary to foster creative, independent thinkers who will become proud stewards of our world.

Miller Creek Middle School strives to be an exemplary school community with an engaging learning environment. We value a strong core curriculum focused on continual improvement, high achievement, and life-long learning for our students and staff.

We envision:

- Students who demonstrate respect for school staff, peers, parents, campus and community.
- Students who value learning and actively pursue academic excellence.
- Students who explore extra-curricular interests including the visual/performing arts, athletics, and Miller Creek clubs.
- Staff that models life-long learning and makes professional development an annual priority.
- Staff that collaborates on a regular basis to create lessons that stimulate active and creative learning.
- Staff that identifies and addresses the learning of all students, and, consequently, has a clear practice of differentiated instruction.
- Staff that communicates and models a consistent discipline system so that students have a clear understanding of behavior expectations.
- Curriculum that meets the learning needs of all students and has interventions when needed.
- Curriculum that is guided by specific, clearly articulated, challenging standards and goals.
- Curriculum that integrates technology and promotes creative, interactive learning that includes exploration and critical thinking.
- Curriculum that utilizes multiple assessments to guide instruction and confirm student learning.
- A school climate where the efforts and achievements of all students and staff are recognized and celebrated.
- A school climate where there are clear rules that are consistently enforced and modeled.
- A school climate that has reasonable student/teacher ratios to enhance the learning process.
- A school climate that encourages students to be healthy via physical activity and healthy lifestyle choices.
- A school climate that celebrates and appreciates diversity.
- A school climate that includes well maintained physical facilities that meet the needs of our school community and reflect pride in the school.

# School Profile

Miller Creek Middle School is located in the unincorporated Community Services District of Marinwood in San Rafael, CA. It serves the communities of Lucas Valley, Marinwood, and Terra Linda. One of four schools in the Miller Creek Elementary School District, it was originally constructed in 1964. Nestled within the beautiful hills of Marin County, we have Miller Creek running behind the campus, oaks and bay trees surrounding the campus, and the historic Dixie School House at our entrance. We have over 34 classrooms, a gym, robust elective course offerings, a performing arts stage, band room, orchestra room, choir room, wireless campus Internet connection with one to one student Chromebook devices, the Creek Cafe, and a state-of-the-art library/media center. Our school receives active and generous support from our parent community. In collaboration with the Can Do! Education Foundation we offer a robust counseling program and a Wellness Center. The Miller Creek Home and School Club works to fundraise for events that foster student and family connectedness to our school.

## Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### **Involvement Process for the SPSA and Annual Review and Update**

Miller Creek School District survey all staff, students, and families in January/February of 2023 using the YouthTruth survey. This Data, along with student achievement and progress data, and attendance data was reviewed by Staff, the Site Leadership Team and the School Site Council. SLT, Staff and School Site Council also reviewed actions connected to school goals and provided input on progress and changes.

**Conclusions based on this data:**

1. The number of students participating in summative ELPAC testing has increased.
2. The majority of students tested performed at levels 2 and 3 in Overall Language on the ELPAC test in 2022. This is a shift from the 2021 ELPAC scores, where the majority of students scored either a 1 or 2.

3. Strategies and Actions for addressing English Learner progress and monitoring are noted in Goal #2, Strategies/ Actions and includes a designated section/class for EL support.

# School and Student Performance Data

## Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
<b>648</b>	<b>7.9%</b>	<b>5.7%</b>	<b>0.9</b>
Total Number of Students enrolled in Miller Creek Middle School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	37	5.7%
Foster Youth	6	0.9
Homeless	18	2.8
Socioeconomically Disadvantaged	51	7.9%
Students with Disabilities	86	13.3

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	13	2.0
American Indian	1	0.2
Asian	40	7.1
Filipino	4	0.6
Hispanic	141	21.8
Two or More Races	71	11
Pacific Islander	4	0.6
White	369	56.9

**Conclusions based on this data:**

1. Miller Creek Middle school represents a diverse student body population, with the majority of students being white.

## Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

### 2022 Fall Dashboard Overall Performance for All Students

#### Conclusions based on this data:

1. Overall, academic achievement remained at high levels in both ELA and Math.
2. Chronic absenteeism is high and has increased.

### Conclusions based on this data:

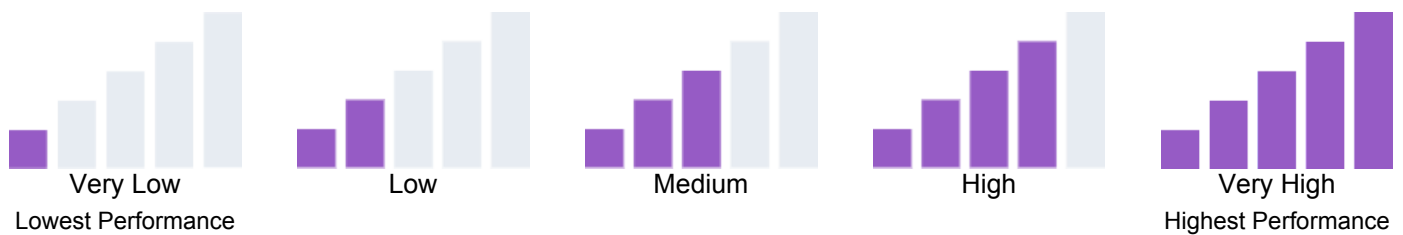

1. Overall student performance was high in ELA on the 2019 and 2022 CAASPP.
2. Although overall students performed well in ELA, there was a discrepancy in performance data by student groups.
3. English Learners, Student with Disabilities and the Socioeconomically Disadvantaged and Hispanic students continue to be student groups to focus on for support.

## Planned Strategies/Activities

### Strategy/Activity 1

Hire and retain highly qualified and diverse certificated staff including special education staff.  
 Hire and retain highly qualified and diverse paraprofessionals to support the needs of regular and special education students, including EL students, foster youth, and students requiring academic intervention.  
 Intervention services provided by certificated and/or classified staff.  
 Provide onboarding training to new paraprofessional staff within the first month of starting the position.  
 Provide priority scheduling of conferences for families of students who have earning a C- or below at the progress report mark and students with IEPs. Open conferences to all other families as well.

**Planned Strategies/Activities****Strategy/Activity 1**

Provide ongoing professional development for credentialed and classified staff on curriculum adoptions, how to translate documents for multilingual families and other initiatives as defined in the Curricular Multi Year Plan.

- 1). Writer's Workshop
- 2). NGSS/Stemscopes
- 3). CPM, Mathematics Standards and Math Framework
- 4). Anti-Racist Training for students and staff
- 5) Identified Department Specific Needs
- 6). Restorative Justice/Practices

Provide curricular materials that include Diverse representation and multi-perspective.

Implementation of Writer's Workshop

Provided materials and time to administer standards based assessments as defined in the Multi Year Curricular Plan.

Provide acceleration opportunity in mathematics for 7th grade students.

Implement systemic literacy and math intervention through MTSS, including English Learners.

- 1). Utilize Apex licenses for math interventions.
- 2). Designated English Language Development section at Miller Creek Middle School for novice speakers.
- 3). Designated Academic Support class for identified 7th and 8th graders.
- 4). LLI Intervention Implementation
- 5). Targeted math Study Hall for students scoring in the intervention or urgent intervention category on STAR Math.

Provide a tutorial homework club to support all students specifically, low-income pupils, English language learners, and foster/homeless youth.

Provide transitional support for identified rising 6th graders and new 7th and 8th graders  
1). WEB Program

Implementation of common and standards aligned Benchmark assessments in ELA and Math  
1). STAR Reading, Writing, STAR Math and MDTP

Agreement amongst all staff to prevent students with IEPs from failing classes. Instead interventions will be implemented.

## Goal 3

### Subject

Engagement and Wellness

### Goal Statement

Increased opportunities for a positive connection with school for families and students as measured by 55% of families will have a "positive rating" for I feel engaged with my school and 100% of students will have a "positive rating" for having an identified adult at school to talk to when they are feeling stressed, upset or having problems on the Youth Truth Survey.

### LCAP Goal

To increase connectedness for students through social emotional learning, campus inclusion, and wellness.

### Basis for this Goal

Board Focus Areas:

1. strengthen student connectedness,
2. cultivate community engagement to advance and enrich student learning

State Priorities:

1. school climate
2. student engagement
3. parent involvement

### Planned Strategies/Activities

#### Strategy/Activity 1

Administer Youth Truth Survey annually.

Principal coffee chat twice a year.

Access to school calendar and daily student bulletin on the school website.

Continue to offer a viable health and mental health program, including the Wellness Center and monthly SEL Lessons.

1). Supports to accomplish this goal include two counselors and a dedicated health staff member and a Wellness Specialist.

Provide Health Education to students in grades 7-8 that aligns with California's Healthy Youth Act

1). This is accomplished through a partnership with Superstar Health Educators.

Implement a suicide prevention tool that provides alerts in response to web searches.

1). Go Guardian Beacon

Strengthen use of Restorative Practices including alternatives to suspension.

- 1). Continue to implement Justice League
- 2). Staff Training in Restorative Practices

Utilize communication systems that are easy to access and have translation features.

- 1). Miller Creek website hosted by School Loop
- 2). Parent Square.

Provide parent education that is responsive to parent needs.

1). Implement a parent survey at the beginning of the year to assess needs.

Expand programs related to anti bullying.

Increase HSC events to improve parent connectedness.

Create a document to illustrate for parents all the ways they can get involved with school. (Share at Web Day and post on the Miller Creek website)

Continue to collaborate with CanDo! to provide excellent programs to increase student and family connectedness.

Continue to communicate lunch time opportunities for students to the community i.e. clubs, library, wellness center.

Continue to collaborate with Can Do! to provide lunch-time activities and clubs, including access to libraries. With an emphasis on involving all student groups in clubs and leadership activities.

Bilingual front office staff.

Increase interpretation and translation services.

Provide translation services at parent events and student meetings.

Provide anti-racist education to staff, students, and parents to promote student leadership, use of culturally responsive pedagogy, and belonging.

- 1). ADL's No Place For Hate initiative
- 2). SLAM! Dr. Watson with LEAD class
- 3). Stamped read in the 8th grade History Social Studies
- 4). Offer a designated Social Justice and Racial Equity Course.
- 5). Offer 6th grade exploratory course aligned with CASEL 5 framework and the Social Justice Standards.

Provide classroom-based lessons on drug/alcohol/nicotine education, suicide awareness and prevention, conflict resolution and self regulation.

- 1). SOS Program
- 2). Implement TUPE intervention, prevention strategies and peer education.

LEAD class will present to students on how they can be connected to school/how they can identify a trusted adult.

Establish a School Attendance Review Team to monitor attendance and provide support to students and families.

Utilize the PBIS framework to clarify school rules, design an implementation for teaching the skills to students, and create ways to positively reinforce the desired behaviors. Establish a PBIS site committee to lead the work.

**Analysis**

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Overall, the strategies/activities in Goal 1 have been implemented as expected in the goal. A simple survey was not sent to Special Ed teachers, but when asked to share data with me, they shared that 62.5% of students (on their combined caseloads) have met at least one of their IEP goals to date. It's important to remember that IEP goals typically have one year to work towards meeting the goal.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Teachers have been committed to utilizing Google Classroom, Google Suite, Aeries Gradebook, school wide. This has been beneficial to students and parents being able to access assignments and grades to date. While some parents still have trouble accessing and may need additional support, a quick view in Aeries shows that many parents are accessing their child's Aeries database for grades.

5. There is one period offered by the intervention teacher to support and accelerate math skills. There is also a Study Hall taught by a Math teacher to support students who are targeted through STAR Math scores.

A tutorial Homework Club has been implemented to support all students, as well as targeted students. The Homework Club is offered two times each week, with bus service provided to students who stay for Homework Club. It is led by two teachers in the school library.

MCMS continues to use the WEB Program, led by both counselors to not only welcome and support incoming sixth grade and new to MCMS students but also to provide a leadership and mentoring opportunity to eighth grade students.

STAR Reading, Writing, and Math interim assessments are implemented three times throughout the year to all students, as a way of monitoring student progress in each of these areas.

The front office staff has a bilingual staff member which has been a tremendous help when communicating with novice EL students and/or the families who would otherwise not be able to communicate with school staff. The assistant principal is also bilingual and it has been helpful when needing to address students and families.

There is an ongoing effort to provide anti-racist education to staff, students and parents.

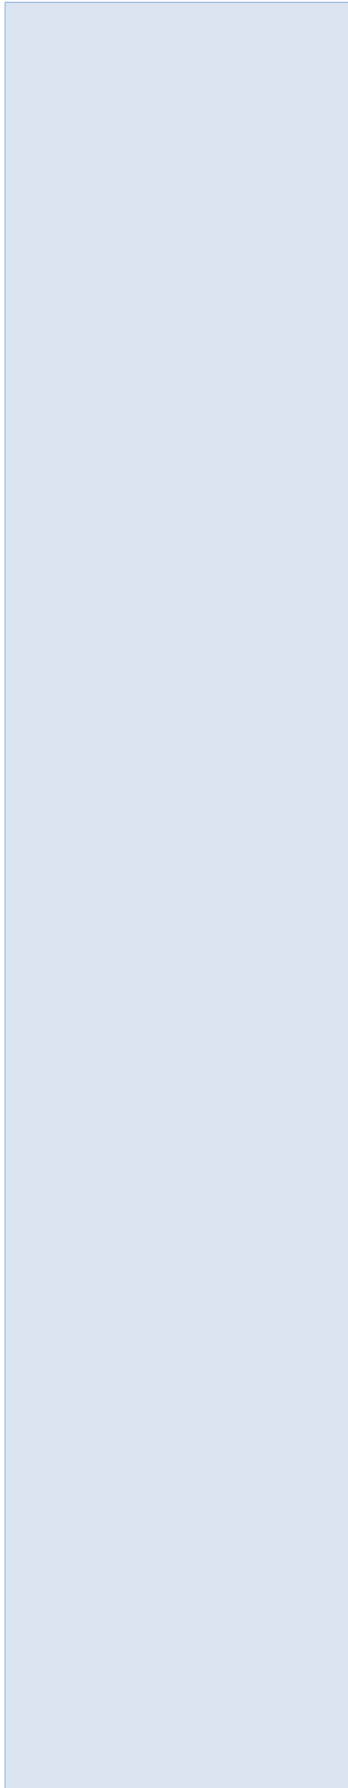

1. ADL's No Place For Hate resources and materials are often used for the monthly lessons SEL lessons implemented in all classes.
2. SLAM! (Student Leaders Antiracist Movement) did not happen this year, but Dr. Lori Watson has met with administration and counselors to plan for next year. She has met twice with a focus group of students and plans to return in the fall for re-implementation of SLAM!
3. All 8th grade students read STAMPED as part of a unit of study in Social Studies. STAMPED by Jason Reynolds is a book that chronicles the history of racism and antiracism.

These were not stand alone elective options for 7th and 8th graders this year and weren't on the elective options list for next year.

The SOS and other TUPE intervention programs were administered through the monthly lessons provided by teachers with counselor training. The SOS/ACT surveys were implemented throughout the month with no more than 3 teachers doing it each day. "Screenagers-Under the Influence" and it's follow up lesson will be shown to all students on May 26, along with a parent opportunity to view it at the same time as the students.

LEAD students continue to provide many activities and opportunities for students to feel connected to the MCMS community and to help students identify a trusted adult on campus.

With the beginning and midyear changes in administration this year, the School Attendance Review Team did not begin monitoring and communicating attendance concerns with parents. The Assistant Principal is the lead on attendance issues and has held multiple SART meetings as well as referred several serious chronic absenteeism cases to the Marin County Office of Education SARB

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Overall, the actions and strategies of Goal 3 were implemented as planned. The parent survey at the beginning of the year did not happen with the change in administration. It is recommended that this survey be done at the start of the new year to inform the school about parent education needs. All of the SEL lessons were implemented as planned. The counselors provided a few parent ed opportunities during the course of the year but they were not well attended. The goal should continue next year with more outreach through HSC and Panther Press to remind parents of the opportunities to hear about SEL programs such as Signs of Suicide.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Despite an increase to wellness opportunities, the data from YouthTruth clearly indicates a need for focused climate and culture work.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

None

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The strategies and activities noted in the goal will continue in the 23-24 school year. While the implementation was successful, the actions and strategies should continue on an ongoing basis. There will be a new administration team starting July 1, 2023. It will be important for the school to monitor the Youth Truth survey results and compare them to previous years to ensure that the SEL lessons, work with Dr. Watson, Facing History and Ourselves, the CASEL 5 framework, Restorative Practices are making a positive difference in the school culture. The school will implement strategies from the PBIS framework to clarify schoolwide expectations and systematically teach students the expectations while rewarding those that demonstrate the desirable traits.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 2 Other School Staff
- 3 Parent or Community Members

Name of Members	Role
Anna Lazzarini	Principal
Calen McEldowney, Chair	Parent or Community Member
Josh Brown-Herrera	Other School Staff
Diane McGuinness	Other School Staff
Mike Schulist	Classroom Teacher
Shannon Hobbs	Classroom Teacher
Mark Koerner	Parent or Community Member
Tracy Benning	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature**

**Committee or Advisory Group Name**

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 18, 2023.

Attested:

Principal, Anna Lazzarini on 05/18/2023

SSC Chairperson, Calen McEldowney on 05/18/2023

## Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

## Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

### **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

### **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

### **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

#### **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

#### **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

### **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## **Budget Summary and Consolidation**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### **Consolidation of Funds**

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

# Appendix A: Plan Requirements for Schools Funded Through the ConApp

## Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
